**Westside Art House**

Westside Art house is a shared space. A public sphere where all are welcome.

Constantly evolving, we hope to always offer an environment for creativity and inspiration, an open-space to enrich our neighborhood, and an abundant sanctuary for personal growth.

Currently, we offer:

- Donation-based yoga, dance art and music classes - because we believe that the world would be a much better place if art, ideas and education were shared amongst everyone.
- Workshops, trainings and forums - to build community, strengthen your ability to carve out the direction of your life, and provide a foundation for support and friendship to flourish.
- Art, music and movement events - ...for fun.
